Mrs. Frank Browning conducted an interesting programme of mission study, her subject being Italy. A brief outline of the history of the country in its six important political phases preceded the story of the religious history of Italy. From the establishment of Christianity as the state religion of the empire, the growth and temporal decline of the church was traced through the dark ages, the crusades and the reformation, and the influence of the monasteries touched upon. Present day religious conditions in Italy and queer customs still used there were described. In contrast wes there were described. In contrast was

There was more trouble at the West Side silk mill on Friday, brought on by the strikers who are out because of a reduction in the price per yard for the goods they make, and the result was that instead of the three who were arrested on Thursday being before the city court, there were twenty, charged with breach of the peace and some of them with the additional charge of intimidation.

At the mill there was about the same number at work as on Thursday out were kept up. This resulted in a fight and the arrest of a large number. From the testimony brought out and the statements of the police, some of the Greek strikers appealed to two Syrians who had been working to stay out. They did not desire to and there was considerable hollering and noise in the street, where a large crowd gathered. It was claimed that one of the Syrians had drawn a knife to defend himself, whereupon the Greeks pitched upon the two again, and it was said that both Syrians were knocked down. If You Are Losing Your Hair Read This Interesting Letter

Giroux Mig. Co., Buffalo, N. Y.

Ocar Sire—"I was told of your great remedy, Parisian Sage, that it would grow hair on bald heads, so I got a bottle and tried it and it is fine. I am a young man and only twenty-five, and was completely bald on the top of my head and now I have hair one inch long with the use of enly one bottle. I only wish I could have shown you my photo before the last started to grow and how it is now. I shall certainly keep on using it until I have a good head of hair, which I have no doubt it will bring. Oscar Armstrong, Engineer, Belleville Horse-Shoe & Rolling Mill Co., Belleville, Ont., August 21, 1905.

To every reader of The Bulletin the American makers of Parisian Sage wish to emphatically state that they do not guarantee Parisian Sage to grow hair on hald heads, because in the great majorify of cases the hair roots are absolutely dead and not even the wonderful virtue of Parisian Sage can resurrect them.

Mr. Armstrong started to use Parisian Sage and the such a case there is no good reason why Parisian Sage should not restore his hair.

The Lee & Osgood Co. guarantees Parisian Sage to remove every trace of dandruff, stop falling hair and itching scalp in two weeks or money back, but they do not guarantee it to grow hair on bald heads.
